**ABOUT CHORAL ARTS**

At Choral Arts, we sing the music we love as a balm to frenzied days, an antidote to solitude, a union in an often-fractured world. We sing for a city with little time and high expectations, which compels us to transform a night out into a lifelong memory. Founded in 1965 by Norman Scribner (1936-2015), Choral Arts has a rich history of bringing the power of the human voice to audiences large and small, advancing the story of choral music by partnering with a myriad of musicians, composers, and ensembles.

## **ABOUT WASHINGTON PERFORMING ARTS**

One of the most established and honored performing arts institutions in America, Washington Performing Arts has engaged for 60 years with artists, audiences, students, and civic life. The city is truly our stage: for decades, in venues ranging from concert halls and clubs to public parks, we have presented a tremendous range of artists and art forms, from the most distinguished symphony orchestras to both renowned and emerging artists in classical music, jazz, international genres, and more. We also have an ever-expanding artistic and educational presence on the internet, envisioning ongoing opportunities for online connection and community.

Washington Performing Arts deeply values its partnerships with local organizations and other arts institutions. Through events online and in myriad performance venues and neighborhoods, we engage international visiting artists in community programs and introduce local artists to wider audiences. We place a premium on establishing artists as a continuing presence in the lives of both young people and adults through residencies and education programs.

Our achievements have been recognized with a National Medal of Arts and with four Mayor's Arts Awards from the DC Government. We have now embarked upon our second half-century, ever inspired by the motto of our founder, Patrick Hayes: "Everybody in, nobody out."
